MORE CHOICES, MORE FLEXIBILITY

We're uniquely positioned to deliver exceptional network access solutions. Whether you're looking for the industry's largest directly contracted network, an outcomes-based solution, a state-certified solution, or even an auto network — we've got you covered.

- 1 THE COVENTRY INTEGRATED NETWORK** provides access to the largest workers' comp and auto national provider network in the industry. Our dedicated network-contracting resources manage workers' comp and auto-specific contracts to secure the best renegotiated rates.
- 2 COVENTRY'S OUTCOMES-BASED NETWORK** program provides a channeling mechanism to health care providers who demonstrate a depth of experience in treating workers' comp injuries and exhibit consistently better measures of clinical outcomes, medical utilization, pharmacy utilization, return-to-work, and financial outcomes when compared with their peers.
- 3 CERTIFIED NETWORK PROGRAMS** in 14 states are designed to closely manage workers' comp injuries, costs, and return-to-work outcomes without compromising quality of care. We monitor legislative and regulatory changes to ensure continued compliance and identify opportunities for program enhancements and modifications.
- 4 COMPLEMENTARY SPECIALTY NETWORKS** meet your pharmacy, DME, and ancillary service needs.
 - 4a FIRST SCRIPT PBM** program offers a variety of network components to ensure our clients capture all pharmacy transactions regardless of dispensing source. Our network includes 69,000 retail pharmacies, mail-order pharmacies, and extended networks.
 - 4b DMEPLUS** offers a one-stop shop for all durable medical equipment and ancillary services, clinical oversight our competitors can't match, and a national provider network.
