

AN ENLYTE COMPANY

# Opioid Overdose Prevention and Treatment

## Event Details

When: November 8, 2017 @ 0:00:00 EST [On-Demand](#) Where: [Online Event](#) [Online Event](#)

This webinar outlines evidence-based recommendations that can help identify individuals who may be at risk for opioid overdose. We also discuss the opioid overdose reversal agent naloxone and available support resources for managing overdose risk and present opportunities for partnership on the path to opioid addiction recovery.
